

Pumpstar Announces New Website

Pumpstar is pleased to announce the launching of its new website, www.pumpstar.com in August '07. You can now download technical information from our newest product line, browse the used equipment, and view the photo gallery and past newsletters. We hope you will take the opportunity to explore the new site and remember to check back often for updates.

Pump Demonstrations

Pumpstar is currently conducting concrete pump demonstrations throughout the US. Let our factory-trained field technicians show you the superior features and operational benefits of a Pumpstar concrete pump. While they're in your yard, schedule service or a boom inspection on your current concrete pumps. Call (800) 883-2186 or e-mail marketing@pumpstar.com today to request a demonstration. Your Regional Sales Manager will contact you to schedule a demonstration.

20% Discount on Spare Parts Purchases

Call (800)883-2186 or e-mail marketing@pumpstar.com to order spare parts for your concrete pump and mention "September E-Newsletter Discount" to receive a one-time 20% discount on your order during the month of September.
